Newsletter of the American Academy of Pediatrics / New Jersey Chapter

Pathways Awareness Foundation

Pathways Awareness Foundation, a national non-profit organization dedicated to raising community awareness of the benefits of early detection and early therapy for children with physical differences, received an endorsement from the American Academy of Pediatrics for their brochure "Assure the Best for your Baby's Physical Development".

The brochure, designed to educate parents and assist medical professionals, includes a growth and development chart

highlighting speech, play and physical developmental milestones from 3 to 15 months of age. This unique tool allows parents to become proactive in tracking their child's development and encourages early treatment for delays.

To receive your free copies of the brochure to distribute to parents or to get more information call their "parent-answered" toll-free number at 1-800-955-2445, email at

friends@pathwaysawareness.org or visit their web-site
